The Division of Senior Services furnishes this Directory for your convenience, to provide a comprehensive listing of services, community resources, and activities available to older persons in Hunterdon County. Inclusion in this Directory does not indicate endorsement by the Division of Senior Services, and omissions do not signify disapproval.

The Division of Senior Services, established in 1972 by the Board of Chosen Freeholders and the New Jersey Division on Aging, and federally designated as an Area Agency on Aging, is the focal point for elderly residents and the community resource for information, referral, advocacy, and service regarding persons 60 and over. Its Senior Center provides stimulating educational and recreational programs and activities.

The mission of the Division of Senior Services is “to foster the independence and dignity of older persons through the development and coordination of programs and services which enable Hunterdon County senior residents to remain independently in their own homes as long as possible.

The Division of Senior Services, in accordance with the Older Americans Act of 1965, as amended, regularly assesses need, evaluates and coordinates public and private resources to meet the need, establishes service priorities and program objectives, develops and implements an annual Area Plan of Services and administers and monitors the use of federal, state, and county funds to assure provision of Area Plan services.

Services of the Division of Senior Services and Senior Center are free to Hunterdon County residents 60 and over, and are offered without regard to income, handicap, race, sex, creed, or national origin.
